Poultry Show
The tenth annual poultry show by the Western Maine Poultry Association will be held at the grange hall at South Paris, Tuesday, Wednesday and Thursday, Jan. 7, 8 and 9. The committees in charge are putting in no small amount of work to make this show of special interest. The regular prizes amount to \$8.00 for show stuff. Good big prizes are offered in the utility class, also the dressed poultry branch and the laying contests.

The president of the association is Harry Lovejoy of Norway. E. P. Crockett of South Paris is the secretary and will lead out the entry blanks and prize lists. At the first show, ten years ago, it will be remembered that the late A. E. Shurtliff of South Paris was a prominent figure. He did big work in organizing the association and setting it to represent the best in this section of the state.

Norway Will Erect Honor Board
At a Board of Trade meeting in the Norway Municipal Court room Nov. 27 it was decided to erect an Honor Roll board, in preference to unfolding a service flag.

The following committee comprising, Robert F. Bickford, chairman, Frank E. DeCoster, Charles K. Blake, H. Walter Brown and Walter S. Chandler were chosen to select plans, estimate cost and secure a suitable location for the board. Fifty dollars are available for the work, and if more funds are required, the small sum can be easily raised.

It is important that every Norway boy who served in any capacity, should receive recognition by having his name placed on this honor roll. To assist the committee, and avoid omissions, parents or other relatives should send the name of their soldier boy to W. S. Chandler, Norway, who has this matter in charge. An early response would be appreciated as the size of the board is governed by the number of names it will display.

Daniel A. Watson
Daniel A. Watson died Sunday morning at his home at Norway Center. He had been in failing health for several months. Mr. Watson was born on the farm where he had always lived. He was the son of Alanson B. and Matilda Buck Watson, born October 21, 1861. He received his education in the public schools of his home town.

He was one of Norway's prosperous farmers, and a highly respected citizen. For many years he had been a member of Norway grange, and was a good worker and a valued member. He is survived by his wife, who was before her marriage Alice Merrill of Alton, and five children. The oldest, Mrs. Ava Watson Ross, resides at Clark's Mills, the others, Effie, Ralph, Elmer and Geneva, reside at home. One sister also survives, Lelia Watson, who has assisted in the care of him during the months of failing health.

The funeral was held Tuesday afternoon from his late home, Rev. M. O. Baltzer officiating.

Interment was in Pine Grove Cemetery, the bearers being Howard Knightly, Albie Wyman, Irving Brown, William A. Benson, neighbors of the deceased.

Cordis of yarn are in the Red Cross Rooms at the old postoffice. Miss Agnes Beal was using a hammer, like any other woman, in trying to save a hole in a mammoth use of yarn the other morning when we called. Her sister, Elizabeth Beal was weighing and checking up the yarn prior to sending it out to Red Cross workers. Now this war is nearly over we are wondering what this band of devoted war-workers will have to do. They certainly have been busy for many months.

Houghton Kimball has made an addition to the house he built earlier in the season. It is 14x14 with roof and sets in the Orchard St., door yard near the stable. Several boys of about his age have assisted and he looks as though they built it themselves without use of square or plumb-line. It is all right and afforded them much real enjoyment.

I was recently shown a lead-keel ship which was being tried out on the water in a bath-tub in the Kimball house. Henry Cullinan was also present. Grandpa Cook who is to spend the winter with his daughter, Mrs. M. L. Kimball.

Ed. Thompson of Beal Street: "I got right out of my house in ten minutes when the scarlet fever was found here" in it. It was by order of Dr. Bartlett.

Sending a sub-conch with our high basket ball team isn't what it is cracked up to be. 28-12, favor of West Paris. If White had been there on the job, it is claimed, 40-0, for Norway. But next Friday night we play Rumford and White is home and out to win.

Victory Celebration in New York
Ben F. Wilder, business manager of the Butterick Publishing Company of N. Y., who helps Mell Sampson catch bass in the vicinity each season, writes regarding the recent N. Y. celebration as follows:

"The streets and avenues jammed with automobiles, and the sidewalks so crowded that it took the Madame and me one hour to walk thirteen blocks—20 blocks to the mile. Every automobile was fitted with an electrical switch which occasionally fired the gas-charges in the mufflers (I know what a battle sound like now) and every man on the sidewalks had a long fish horn. Now and then an auto would come along towing a discarded auto cab behind on a steel chain. Why, it was just simply hell! Many gallons of booze were consumed, and the whole city had a headache the next day. I didn't get in on this last—I'm getting a little too old to hit it up—but our roll-call the next day showed a number of absentees: in fact, the factory didn't do more than half a day's work."

Edith Mundy dropped in on me the other day to sell a story and we had a chat about all the people up there. He looks about as ever, but a bit thinner."

Winter Lyceum Course
The second entertainment in the Lyceum Course will be given in the Opera House, Friday evening, Dec. 13th by the Pierces who are artists in the dramatic World of famous players. They appear in costume, are very versatile and their characterizations of great parts from strange plays are so good to almost reach stand alone in their own class. They are clever as whistlers and singers, thus being able to add that variety to their program that appeals to the most fastidious theatre-goer. The press summarizes thus: "The program is clean, clever, elevating and educational."

It is very much desired that our people fill the Opera House on the 13th and show their good support of, and desire for goods - things in the entertainment line. This winter course brings the best of a trial cost right to your doors. The people who stand behind this course are working hard to please you and to give you something worth while and they only ask of you good citizens of Norway and vicinity to turn out in force and give the Pierces a big house and an enthusiastic reception. Their performance will leave a good taste in your mouths, and refresh you for your vocations on the following days.

A UNIQUE RECORD

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of Norway gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

S. C. Foster, barber, Main street, Norway says: "I have used Doan's Kidney Pills and I am only too glad to say to others I think they are the best of kidney medicines. Several years ago I had kidney trouble. I got Doan's Kidney Pills at F. P. Stone's Drug Store and I was soon feeling all right again. I remained so for a long time, but later caught cold and my kidneys gave me trouble. I again took Doan's and they gave me relief." (Statement given July 24, 1908)

On June 6, 1916, Mr. Foster added: "I still think as well of Doan's Kidney Pills today as when I first endorsed them. I use them occasionally, as I feel in need of them and I am always promptly benefited."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Foster had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

GUEST OF PORTLAND W. R. C.
Mrs. Mary Tarbox of Fryeburg was a visitor of Bosworth Circle No. 1 in Portland Monday evening, accompanied by Mrs. Elizabeth Millett, dept. president, and Mrs. Emma McDonald, dept. inspector. After the regular program, Mrs. Tarbox was introduced and delighted all present with her fine description of the late National Convention in Portland, Oregon, of the grand hospitality extended the visitors, of the great pleasure it afforded her to see that the veterans were more appreciated today than ever before. She paid a fine tribute to the past commander in chief, Orlando Somers, for his untiring efforts for the comrades which resulted in his securing the low rates to enable so many to attend the far away convention, also in securing for the comrades so generous an increase in their pensions at this time when it meant so much to them.

Mrs. Tarbox with all the grand work she has accomplished for the boys this year, is ever mindful of the boys of '95. She does not forget she is the daughter of a veteran. She certainly is a talented, worthy leader. Mrs. Tarbox's tribute to the Veterans, the boxes, the flag and the service flag will long be remembered by all who were present. She was greatly appreciated. Mrs. Tarbox was most becomingly gowned in a violet crepe gown.

Shot Large Buck

Leon Kimball is one of the fortunate ones having shot an immense buck one day last week. The buck had eleven points and weighed about three hundred pounds. Those who saw it say it was the largest they ever saw and a beautiful creature. He intends to have the head mounted. He fired several shots before he brought the deer down and his son, Ivan fired the fatal shot that put an end to the life of the beautiful creature that had made such a beautiful fight for existence.

November went out with a growl and December came in with a whirl of wind and flying snow. Whether the old saying "come in like a lion and go out like a lamb" will hold true remains to be seen.

The opening number was reading the Proclamation for Thanksgiving, written by President Lincoln and also the one for 1918 by President Wilson, read by Mabel Jilson. There was a patriotic tableau; a song with encore by Mrs. Helen Mitchell of Otisfield; a farce, entitled "The Auction at Meadowvale and readings by Florence Stuart, Mrs. Elizabeth Scribner and Dana Stuart. Mr. Stuart responded to an encore by asking the audience to join in singing our National Hymn. The Otisfield orchestra was in attendance and gave their usual splendid music at intervals through the program. A social dance closed the evening's entertainment, music being furnished by the orchestra. There was a good attendance.

By invitation of Mr. and Mrs. E. L. Gay over twenty people visited their fox farm Thanksgiving afternoon. It was a pleasing sight when the foxes came from the hands of Mr. and Mrs. Gay, each fox has a name and seems to know it. There are fourteen in all and they make a fine showing. There are also many white rabbits and other small animals on the place. In the absence of the caretaker, Mr. Gay was busy feeding and caring for his furry animals.

OUR SERVICE
And What it Means to You

We Have a Joint Interest in This Community
And We Wish to Join With You in Every Way to Promote the Communities' Interests

In a sense, this community is like a farm—it pays according to the way in which it is treated.

The successful farmer cooperates with his farm.

Knowing that certain soil elements are necessary to healthy crop growth, he sees to it that these elements are maintained.

The same principle holds good in community development.

Our community is composed of two closely-related elements—town and country.

They are both essential to healthy community growth. Neglect or mistreatment of either of them by the other affects both—it injures the whole community. Both elements must be maintained.

Accomplishing this is simply a matter of sincere cooperation among all of us in this community.

Our idea of our own part to play for community good in a business way is—

To sell only such implements as have the quality to give high grade results in the field.

To consider good performance by our implements as a part of our obligation.

To sell every implement at a fair price.

To practice the square deal towards each and every customer.

On this basis we invite the co-operation of every farmer in this community.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haaslem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haaslem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haaslem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haaslem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand in sealed packages.

NORTH WATERFORD

Big Crowd

At the Grange Spasm Saturday evening Nov. 30th the towns of Lovell, Stoneham, Albany and Norway were well represented and it was a success in every way judging from the enthusiasm it occasioned. A splendid harvest supper was the first thing on the docket, much praise is due the ladies, and Grange cooks in particular. The program which consisted of songs, readings and music was in charge of Annie Hazelton and proved very interesting. Before 9 o'clock they were dancing, as no spasm is complete without a caper of this kind, waltzes, one-steps and contra's made up the order. Daisy Baker's Mother Says

It is not only easy to do your own baking with WILLIAM TELL Flour, but it will give your bread a richer and a better flavor.

The wheat from which this flour is made is grown in the Miami Valley in Ohio, and the rich limestone soil gives it a delicious flavor and wonderful baking qualities, superior to any other flour I have ever used.

At the same time, it goes so much further that you really save flour by using it.

Ask your grocer for WILLIAM TELL—and prove for yourself that it does go further and bakes better.

Christmas Spirit

The Council of National Defence requests that every patriotic man and woman do their Christmas shopping NOW in order to conserve labor and eliminate transportation congestion at Christmas time.

Will You Do Your Share?

We Will Do Our Share

Heretofore we have come forward about Two Weeks before Christmas with large advertisements telling you all about what we have and what you should buy to make Father, Mother, Sister or Brother for a suitable gift. This year in order to conserve paper and labor at the printing office we will eliminate the large advertisement and thereby be patriotic.

However, we can assure you that we will have plenty of Christmas offerings well up to the eleventh hour and will be pleased to see all that are delayed in buying presents early.

An ancient wisdom; the deep truth of it is now being made clearer. Wearing apparel is one of the most suitable gifts that can be made at Christmas time.

LOCAL PICKUPS

Look out for thin ice.

"Canned!" Do you know its meaning? Boys from "over there" are now arriving almost daily.

When a man gets "canned" he guesses every reason except the right one: Inefficiency.

Phineas Jaques has come to town and is now working on perpetual motion. Of course, perpetual motion would be a great blessing to the world, but there are those who think that Phineas should pay more attention to supporting his family and less to science.

Parviz P. Baxter has another vision and writes a letter suggesting that the State of Maine through its coming legislature, buy land of the timber owners and settle the home coming soldiers on them so they may become farmer-citizens in our state. Good idea!

Frank Cox [comrade]: "I was 75 years old Thanksgiving Day and I tell you sometimes I feel pretty old too." He didn't look it. He travels with that swing, elastic lobe of years standing and talks as cheerily as when he jumped a six rail fence to escape a Rebel prison.

Judge Whitman don't really mean what he thinks he does. He likes to write and is a good writer, too. I'm of opinion a sound horse-whipping might be beneficial, but I'd dislike to have him administer it as it would be setting a bad precedent in local jurisprudence. Just what that I don't know, but he probably does.

Testimonial and story combined: "Dear Murch: After using two bottles of your wonderful 'Tanlac,' I'm a different man. It leaves no bad after effect. Frequently I have walked twenty miles for a bottle with no more effect than picking a fly off my coat sleeve. Boston is a Jonah! I'm through it and back here. Yours for ever and a day."

Old Farmers' Almanac is here. It is made by Robert B. Thomas whose picture is on the cover along with that of Ben Franklin. Mr. Thomas has been getting these out for 126 years. This season he sells them for fifteen cents instead of ten as in years past. All on account of making Europe safe for democracy. At all news-stands or sent direct from Boston on receipt of price.

Sixteen cents postage was paid on books when six cents only was necessary. I wrote the sender, suggesting extravagance. The letter was shown the postmaster, who stoutly affirmed he collected the right amount. The big book of rules were examined and the postmaster exclaimed: "By thunder, I did make a mistake—books are entitled to parcel post rates regardless of weight." The wonderful thing about this is that the postmaster admitted making a mistake. He lives at Mechanic Falls and was assisted in coming to the conclusion by E. A. Gammon of that town.

While in Meredith recently, I found a package of old letters tied together with dyed blue yarn. The tying was mother's handiwork and the letters were from her brother, E. H. Brown of Norway, when he was "soldiering" in Virginia in 1862.

It occurred to me there might be something of interest in these letters. Among them are some from Aunt Jane (his wife), which show the home worry, fret and anxiety for those at the front. Am to soon commence publishing the letters. If you want to read them do so, if not, omit them and no question will be asked.

The Hudson Touring Car was housed last Saturday for the winter. It's possible it may take to the road again this month, but not probable.

Have figured up accounts and struck an average on the costs of pleasure riding for 1918. I notice expense grows with increase in mileage. 4700 miles cost \$174 per mile. You can multiply the two and ascertain the amount expended in gadding about the country in a gasoline chariot.

No depreciation of the car was reckoned, neither was the board of the chauffeur or the storage of car or the expense of entertaining friends. The sum simply represents car maintenance and operating expense of 4700 miles and nothing else.

The cost of gasoline was less than in 1917 when the average price paid was .2855 per gallon; this year it was .2550. The mileage got from a gallon of gas also all at a price of 19.17 instead of 19.08 of 1917. It may be the gas was not as good, but the engine never worked better. Whether a full gallon was got every time from the pump-tank-measure is unknown. The per cent. cost is as stated above. Maybe you are interested to know how the expense was divided. Here it is:

Maintenance of car; tires, license, new springs, shock absorbers, etc.....\$307.10
49 gallons of gas.....16.10
Oil and grease.....16.10
Repairs.....44.29
Miscellaneous Expense.....6.72
Insurance and taxes.....50.35
Paid Chauffeur.....470.00

\$1,022.39
It is a reasonable estimate that \$200 was expended for chauffeur's board, when out of town, and in entertaining guests and traveling companions and storage for the car. This I have not taken the trouble to figure. I ought to reckon depreciation on the car and 20 per cent. is said to be about right, hence here is \$400.00 to be charged in or off as you see fit to call it. Then the expense will be something like this:

Amt. stated above.....\$1,022.39
Amt. extra expense as above.....200.00
Amt. depreciation of car.....400.00

\$422.39
If divided by distance traveled—4700— it is apparent the per mile cost for this season's pleasure riding is .3452 for every mile. Let it be so, it makes little difference. Possibly I'll figure through and see what has been the per mile cost since I was stricken with the gas burning fever four years ago.

Another modest woman remembers us with a copy of a Maine Register of 1841—71 years old. It was compiled by Samuel L. Harris and published by Daniel C. Stanwood, Augusta and William Hyde of Portland. The printer was A. Shirley of the latter city.

It contains thirty odd pages of advertising while the one of 1837 contained none. This is an advance. Among the information is noticed that the name of Stoneham, Oxford County, has been changed to "Usher." Wonder how long it went by that name? It is now called Stoneham.

Gov. Kent, at that time, drew a salary of \$1,500.00 and Gov. Miliken now gets \$5,000.00 per year, which I guess keeps the relative ration of increasing valuation.

I thank the Mrs. who gave me the Register and would be pleased to get others of early date. Don't be afraid to send them. I'll return them or buy them.

Buy of Brown—Woodenware for Everywhere: "Keep your face always turned to

the sunshine and the shadows will fall behind you." Buster knows how to advertise and he makes it pay him, too.

"The Student's Companion: Containing a Variety of Poetry, etc. Selected from the Most Celebrated Authors; designed to improve Youth in Reading and Parsing the English Language. To which are added Miscellaneous Questions on Sciences usually Taught in American Schools, etc."

This is the title of a book printed in Portland by Arthur Shirley, 1812. The book was compiled and copyrighted (1809) by Amos J. Cook, preceptor of Fryeburg Academy.

In it is a dissertation on the Seven Sciences and Five Senses and Ten Commandments. Several pages are devoted to words of the same sound, but different in spelling and meaning.

"This copy has the bold, plain handwriting of William L. Hill of Stratford, N. H. on the fly leaf and no doubt was used by him as a text book."

FRYEBURG

Fryeburg Soldier Dead
A telegram received at Salem, Mass., by Mabel Sands, announces the death from wounds received in action on Oct. 28 of her brother, Private Morris C. Sands, a member of an infantry regiment of the Expeditionary forces.

Private Sands was born in Fryeburg, in 1887, son of Amasa and the late Diana Sands, and attended the public schools there, later moving to Salem where he was employed by his brother, E. L. Sands, milk dealer. He was taken in the second draft quota from Salem going to Camp Devens.

In April he was transported overseas, where after a period of action in the front lines he received the wounds that resulted in his death.

WILD DUCK HUNTING

Taming wild ducks for use as decoys during the duck shooting season is not an unusual custom, among duck hunters and some of these birds are kept from year to year for this purpose. These ducks are usually secured when young and are sometimes hatched from the egg, but are easily domesticated, although they retain the looks and other characteristics of their wild brethren. As a rule when these ducks are used for decoys, they are anchored by one leg so that they could not get away if they tried, but one hunter who has two of them, a duck and a drake, was telling some friends how he had tamed the pair so that they were as tame as any domestic and knew just what to do when "on the job."

The birds go with him in his gunning float and are never hitched, so that when he sculls to the hunting grounds to wait for the wild flocks the two decoys go overboard and swim around until a flock sights them and comes down. That the decoys are intelligent, he says, is shown by the fact that when the wild ducks settle on the water two tame ducks lose no time in swimming away from the hunter, for they know what is coming. They know, too, he says, when the danger is over, for after the hunter has fired and the flock gets into the air, the two decoys will swim back to the float, ready to be taken on board.

RESOLUTIONS OF RESPECT

The Klaskan Monition has in his infinite wisdom again seen fit to visit our Council and has summoned our beloved brother, Fred R. Thurston, to the Land of Fozzabul.
Whereas, the chain that bound our hearts together has been temporarily broken and he has entered the Happy Hunting Ground where sorrow and death are known no more. We may yet lay upon our altar our loving tribute to his memory.
"You answered the call to the colors,
You proved you were loyal and true,
And we who could go will let others know
The debt that we all owe to you."
Resolved, that we remember the bitter sorrow of those so near and dear to him and tender them our sincere sympathy.
Resolved, that our charter be draped for thirty days and a copy of these resolutions be sent to the family, one placed upon our records and one sent to the Norway Advertiser for publication.

NORWAY AND VICINITY

Johnson-Burnet
Ralph Ernest Johnson and Annie Virginia Burnet were married Wednesday evening Nov. 27 at the home of the brides parents on Charles St., South Paris. Rev. H. L. Nichols of the Norway Methodist church officiated, using the Episcopal double ring service.
The bride was given in blue mesaline silk and given away by her father, Neville S. Burnet. Frank B. Burnet, a brother of the bride acted as best man and Louise Walker, a niece of the groom was ring-bearer. Flagg, streamers in which were worn the National colors, crepe paper bells and evergreen made an attractive arch in one corner of the parlor under which the ceremony was performed. The patriotic setting was arranged by the sisters of the groom in honor of the two brothers in the U. S. service who were expected home.
Mrs. Burnet served ice cream, a wedding cake made by the groom's sisters, bananas, grapes and chocolates. She was assisted by Edith Walker and Louise Walker. Games and sociability followed and the large number of guests were royally entertained during the reception. Contrary to plans laid by the jolly company, the couple outwitted them and escaped to parts unknown until the following day.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

"I have been sick almost two years had four doctors with little or no relief. Some of the doctors said I had enlarged liver, nervous indigestion, too much acid in my system. I was so tired in the morning it seemed as though I could not get dressed and get to work. I was groggy, thin every day, went from 138 to 112 lbs. I was so discouraged I didn't know what to do. One night about three weeks ago, I picked up a paper and saw Dr. True's Elixir, Family Laxative, Worm Expeller, advertised. I made up my mind I had worms and the next day bought a small bottle of Dr. True's Elixir and took three teaspoonfuls until I had taken the bottle."

"I was surprised at the result, pinworms came a finger long, so much sinner, some that looked as though it was just the skin of worms. The day before I took Dr. True's Elixir I thought I should go to bed with the crawling in my stomach, I could feel them. My stomach was sour all the time and some days I could not retain what I ate, while other days I could keep anything on my stomach. I could sleep just the minute I went to bed some nights I would not sleep more than one or two hours. The second dose stopped the crawling and the second night I didn't cough."

"I feel like a new person, all my friends say I look so much better, but I don't need to have them tell me for I know my feelings. I wouldn't have believed any one could feel so much better in such a short time. I tell everyone I

have a new Washing Compound that will give you good cause for "Thanksgiving" if you will try it—use it as you would soap—no rubbing or boiling, positively will not injure the most delicate fabric. We also have a "freezeproof" liquid which will give you auto owners a thanksgiving feeling; a little in your radiator will save you lots of worry, and perhaps a lot of expense.

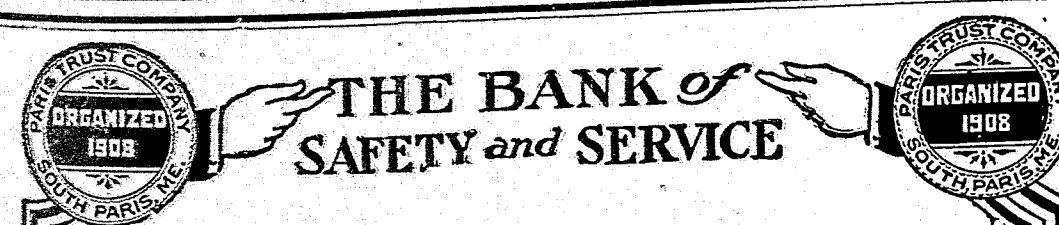

Some very choice new Pollock fish, smoked boneless herrings, scrap cod, mackerel in brine; New Cheese in family size and at prices that you can afford to take home a whole or half one. Coffee and Tea at old prices a little longer, both are pretty sure to cost you more soon. Soap is a very necessary article which will do you good to buy some ahead.

We also have some Thanksgiving prices on cross-cut saws, buck saws, double bitted axes and singles, handles for all at money saving prices.

Come in and ask about goods too numerous to mention.
